Canadian Steamer Manchester  
Commerce Reaches Port  
After Close Call.

ST. JOHN, N. F., Nov. 4.—Last night heavily to port and with her bow crushed in as far as the forward bulkhead as the result of a collision with an iceberg, the Furness line freight steamer Manchester Commerce crept into the harbor to-day.

The Manchester Commerce, which was bound from Montreal for Manchester under command of Capt. Joseph, struck the berg head-on about 10 miles east of Belle Isle at 3 A. M. Sunday. The night was exceptionally dark and the berg loomed out of the darkness so suddenly that there was no time to change the course of the steamer, which crashed at full speed into the mountain of ice.

The force of the impact was terrific. The steel prow of the liner was crumpled up like a piece of tin as far as the collision bulkhead and the decks were covered with fragments of ice from the berg.

Capt. Couch made a hasty survey of the damage, notified his agents at Montreal of the accident, and headed his ship for St. John.

The sea was swept by a heavy storm and the steamer had a hard time making port. Torrents of water poured into the hold through the shattered bow and the pumps, although constantly in operation, could do no more than hold their own against the rushing flood.

The Manchester Commerce reached here in a perilous condition. Shipping men declared that she was the worst iceberg wreck that had ever entered the harbor.

The steamer carried about 8,000 tons of general cargo, which is believed to be undamaged. Her lower hold, above which the water did not come, was
